This Month Inside Facilities

April 23, 2020

Dear Co-worker,

We put together a great new Insider issue for you this month! Check out Kyu's Note, Facilities Helping Hands, Wintersession photos, Sustainability Highlights, and much more.

Try to stay calm, and above all, keep yourself and your family healthy. To those who are keeping things going on Campus, we salute you. To those working remotely, we salute you, too for adapting to this new mode of work. We are all in this together.

You can keep up with the latest COVID-19 announcements on the University COVID-19 website, and find resources on Facilities' new COVID-19 Resources page.

Note From Kyu

You are all doing a great job keeping the campus fully operational. Thank you!

Facilities Helping Hands

Here are four great stories of Facilities staff doing their part to help out during the COVID-19 emergency.

Read more.
Facilities Photo Gallery
Snap a selfie at work (respecting social distance and wearing a mask, of course) or perhaps a photo with a pet "helping" you work from home. Send it to us via email.
Read more.

Sustainability Highlights
Join us as we celebrate the 50th Anniversary of Earth Day!
Read more.

Wintersession Mechanics
Facilities Mechanic Steve Lucash walked students through the basics of car maintenance during January’s Wintersession.
